Mentoring childhood  
for better tomorrow...

# Learning for **Life time** begins here..

## Welcome to **DPS JUNIOR**

Each child has an innate gift, He/She is a bundle of possibilities and an undiminished diamond who would be a shining star tomorrow. DPS Junior provides each child a

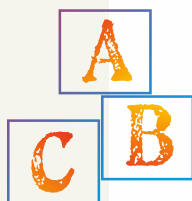

high quality early childhood experience and school readiness. We at DPS junior want to make preschool a positive experience ensuring that coming to school is enjoyable as well as beneficial. Therefore, we aim to provide

a secure and happy learning environment for our young learners, where they can begin their journey of exploration.

It is a known fact that children do their most important learning before the age of five. At this age, for kids each morning is the dawn of another amazing adventure. Considering this fact, our focus is not only on developing academic skills, but also intellectual, emotional, linguistic, physical, social and moral skills that will ensure all over development of children.

We believe that children are active learners, who learn best from interacting with nature, other children and adults in child-centric activities. DPS Junior provides safe and secure environment in which children can flourish as individuals. Our child centric philosophy allows children to learn through play way method by exploring their environment.

In order to stimulate a child's learning, we provide opportunities to each child to grow and develop while reading, listening and playing. Love and affection are the hallmarks of all these pursuits. The colorful and cheerful environment, child-friendly equipment, enticing toys and games at DPS Junior helps a child to listen and discover, imagine and create. Overall, DPS Junior is not merely a school; it is a concept in education, that gives a new dimension to a perfect foundation for learning.

## We pledge...

**SAFE & SECURE ENVIRONMENT**

### Is there a way we can prevent abuse from happening?

YES!

...at DPS Junior we take responsibility for keeping our children safe

... We talk to our children

... We teach them about Personal Safety

openly  
honestly  
continuously

## Why don't children tell us?

## WE TEACH THEM THE DIFFERENCE BETWEEN

| Safe Touch   | Unsafe Touch  |
|--|---|
| Anything that makes us feel <b>good</b> and leaves us <b>happy and comfortable</b> | Anything that makes us feel <b>unsafe, confused</b> and leaves us <b>uneasy, excited or uncomfortable</b> |
| Holding hands with friends, sharing meals, warm hug from loving parents            | Touches involving our special parts that are private to us, touches that are told to be kept secret       |

## Our Facilities

# What is DPS JUNIOR all about

DPS Junior is a Pre School open for children between the age of One year six months- five years. We believe that every child learns at his or her own pace. We provide the best possible start to your child's learning journey. We recognize children are unique and strongly believe that they all are of one common trait, they are born ready, able and eager to learn. our endeavor is to constantly stimulate your child's ability to think and reason, set an excellent pace for learning to become future leaders. Play way method is the strength of our approach that aims at the optimal intellectual, physical, social and aesthetic development of your child.

## We ENCOURAGE children

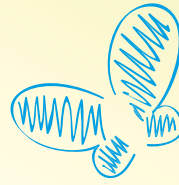

- To nurture positive approach towards learning.
- To be enthusiastic and find pleasure in new and challenging activities.
- To strive for success and enjoy a sense of accomplishment.
- To be aware, appreciate, respect and care for one's environment.

Traditional classroom teaching is supplemented by a variety of learning tools including storytelling, dramatic play, singing, creative session, puppet show and sensorial activities. As your child approaches the regular school age, formal pre-school education is tackled and readiness for reading, writing and Number work is gradually cultivated.

## MUSIC AND DANCE

A form that uplifts mood and enhances concentration. Every day circle time ensures happy persona of our children which builds confidence, coordination and kinesthetic intelligence.

## ART & CRAFTS & HANDS ON ACTIVITY

Our integrated activities give exposure to artistic hand and improve their imagination skill, creative skill through which they can express their thoughts openly.

## SPORTS

“All work and no play makes jack a dull boy. A Well known proverb clears the importance of sports. The best stress buster for students, which improves their physical as well as mental strength. Regular Field trips, Nature based activities help our children to be ready for - Success

## YOGA SESSION

Yoga, develops focus and help children with gross and fine motor coordination. It builds a foundation for a healthy development of body and mind.

# Extra-Curricular Activities

Explore the joy of learning!

Extra-curricular activities clubbed with art and environmental education are necessary for the overall development of our children at preschool level. At DPS Junior Students learn to interact and communicate which develops their social skill and help them march towards tomorrow in a confident manner.

# OUR FUNDAMENTALS

CHILDREN are capable to construct their own learning. They are inspired by their own interest to know and learn. Thus at DPS Junior we adopt the Reggio Emilia approach which guides us on our mission to provide a safe and nurturing environment.

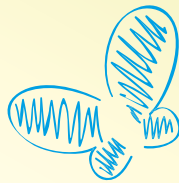

## Reggio inspired Classroom focuses on-

- Cognitive Skills
- Social Skills
- Language Skills
- Creative Skills
- Physical Skills

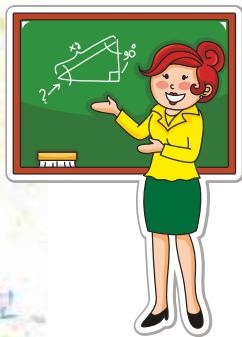

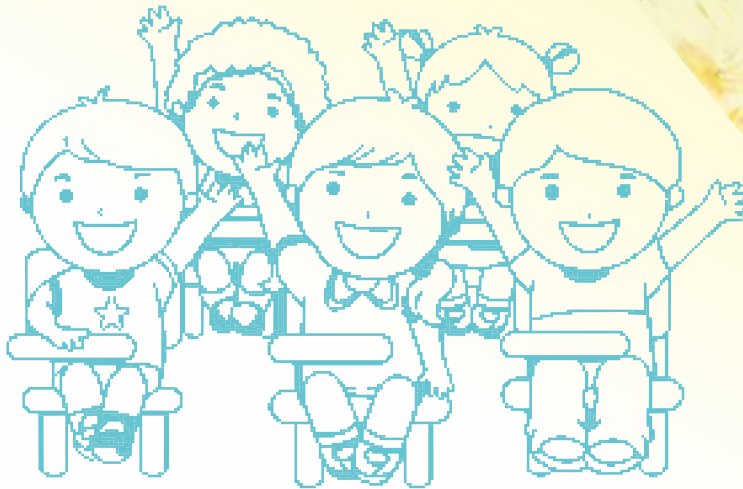

Children are collaborators and learn through interaction. The Classroom environment acts as the third teacher. We believe that Parents are our partners in education and their co-operation is immensely required.

# Classroom Area

## ENGLISH LANGUAGE ARTS

Phonic strategies will be cleared and the child will be capable of stepping in a formal school. By the end of senior Kindergarten children will communicate effectively in English by listening and speaking.

## ENVIRONMENTAL EDUCATION

In early childhood group environment has a very crucial role in children's learning and development. Environment for young children should provide multiple sources of stimulation to encourage the development of physical, cognitive, emotional and social skills. Children will learn to share, to respect and demonstrate curiosity about the natural world.

## CREATIVE SKILL

Children will understand colour, shape and use activities to express themselves. They will be able to describe responses to Music, Art, Drama and Dance.

## MATHEMANIA

Children will learn about patterns, numbers, concepts and understand how logical skill can make their problems simple.
